

# Sarah Hansen

## University of Nebraska-Lincoln

### **Personal Statement:**

I am honored to be considered for an At-Large Board Member position with NCURA Region IV. My unique background—working in both central office/sponsored programs and departmental research administration—gives me a broad perspective on the challenges and opportunities in our field. With experience spanning agricultural research, industry partnerships, and Extension programs, I am passionate about supporting research administrators and fostering collaboration.

What excites me most about this role is the chance to connect with peers, share innovative ideas, and create a welcoming environment for new members. I vividly remember the first time I heard the term “research administrator”—it was empowering to realize there was a name for the work I had been doing for years. Today, I love partnering with faculty to turn their ideas into reality within the complexities of a university system.

### **Fun Fact:**

As a former camp director, I still love adventure—whether it’s walking my dogs, riding horses, watching the NFR, or playing a little blackjack. When I’m not doing that, you’ll find me curled up with a Sarah J. Maas book, sipping a Dr. Pepper, and spending time with my family and friends.

### **NCURA Activities**

- Attended the Annual Meeting in Washington, DC (2022 and 2025)
- Attended and presented at the Region IV meeting in Sioux Falls (2023)
- Currently seeking greater involvement; excited to contribute through board service and new member engagement.
